Dear Community Partner,

I am writing to personally invite you to join in supporting Washington Elementary STEAM Magnet School's **VanGo! STEAM Festival**. This annual event will be **Saturday, May 30th** on State Street between Date and Fir from 10am-1:00pm. This STEAM and Soap Box Derby school hosted festival will include STEAM booths, Nerdy Derby, hamster balls, student and community performances, booths, carnival style games and *so much more!* During the event, participants will be able to experience various Science, Technology, Engineering, Art and Math activities (**S.T.E.A.M.**). The *pièce de résistance* of the event is a soap box car race, in which the cars have been designed and decorated by Washington Elementary School students!

Washington Elementary STEAM Magnet is a Title 1 public elementary school that prides itself in creating a learning environment that teaches and instills independence and confidence in their students. Each year, the VanGo! STEAM Festival raises funds that directly support and benefit the enrichment programs both in the classroom and afterschool. This year, we have set a record breaking goal to raise \$25,000 to continue to fund and create new STEAM programs that will benefit the K-5th grade students.

This is where you, our neighbor and community partner, will play a vital role! Having your participation and support is greatly needed and much appreciated. As the saying goes "It takes a village to raise a child," and here is our call to our *village*. The students of Washington Elementary need their community to rally around them to support, encourage and invest in their futures!

We sincerely hope that through the contributions from our community partners, and especially your support, that the 2020 VanGo! STEAM Festival will be the best year yet! If you have any questions, please don't hesitate to reach me on my cell at 619-719-3888 or by email at van.gofestival@gmail.com.

Sincerely,

Andrea Tarr
